#### DOES LIMU ORIGINAL CONTAIN ANY ADDED SUGAR OR Artificial Colors, Flavors or Sweeteners?

Absolutely none!

### HOW MUCH SUGAR IS IN LIMU ORIGINAL?

# WHAT IS THE ADVANTAGE OF FLASH PASTEURIZING LIMU ORIGINAL?

## FREQUENTLY ASKED QUESTIONS

### HOW MUCH OF EACH NUTRIENT IS IN LIMU ORIGINAL?

LIMU ORIGINAL is made from our proprietary, certified organic limu extract blended with mango puree, natural papaya flavor, plus apple and pear concentrates. A whopping 83% of each bottle of LIMU ORIGINAL is our Fucoidan-rich, pure, reconstituted limu extract. Because it is a liquid dietary supplement in the same way that wheat grass juice or aloe vera juice are liquid dietary supplements, LIMU ORIGINAL contains a wide array of naturally occurring nutrients.

# IS THE ENVIRONMENT DAMAGED DURING HARVESTING OF LIMU?

Absolutely not. Specially trained divers take great care to harvest the limu without disturbing the delicate coral reefs and ocean floor where limu grows.

### HOW MUCH APPLE IS IN LIMU ORIGINAL?

Just enough to help make LIMU ORIGINAL the best-tasting nutritional beverage ever ... approximately 1g (or 1/28 oz.) per 1 fl. oz. serving.

### WHAT IS MALIC ACID AND WHY IS IT IN LIMU ORIGINAL?

Malic acid, part of the alpha-hydroxy family of natural fruit acids, is what gives green apples and certain other fruits their tart flavor. Natural malic acid helps give LIMU ORIGINAL its delicious, refreshing taste.

### WHY IS SODIUM BENZOATE IN THE PRODUCT?

Sodium benzoate keeps LIMU ORIGINAL free of harmful molds and microbes after bottling and keeps our chill-blended product from spoiling. This substance is present in a quantity of less than one-tenth of 1% in compliance with food safety regulations. Sodium benzoate is the sodium salt of benzoic acid, an FDA-approved polyunsaturated fat that is freely found in nature, in foods such as cranberries. It has been used by food manufacturers for over 80 years to inhibit microbial growth.

5X

ORIGINA

LIŴU

No, LIMU ORIGINAL does not contain grapefruit extract.

# HOW MUCH IDDINE IS THERE IN A SERVING OF LIMU ORIGINAL?

LIMU ORIGINAL contains less than 30mcg (.03mg) of iodine per 1 fl. oz. serving. This is because, unlike iodine-rich brown seaweeds such as kelp, limu contains only very small traces of iodine.

### CAN I STILL DRINK LIMU ORIGINAL IF I'M ON MEDICATION?

LIMU ORIGINAL is simply a liquid food supplement and is enjoyed by thousands of people. However, it is always prudent for people who are on medication to consult their doctor before starting any nutritional or exercise program.

### WHAT IF MY LIMU ORIGINAL FREEZES DURING SHIPPING?

No harm done! Simply let it thaw out, shake and drink as usual.

### WILL WE EVER RUN OUT OF LIMU?

Fortunately, no! Limu grows in abundance in the pristine ocean waters of the South Pacific Ocean and Pacific Rim and renews itself naturally.
